

ARC Team Accountability Protocol

The Discipleship Journey — Advance Reader Copy System

Goal: Secure 30–35 verified Amazon reviews on launch day by recruiting 75 candidate ARC readers and implementing a structured 3-step accountability protocol. **Source:** Adapted from the 90-Day Launch Engine & Marketing Playbook.

Why 75 Candidates for 30–35 Reviews?

Industry data shows that only 10–15% of advance readers who receive a free copy actually post a review. By expanding the candidate pool to 75 readers and adding structured accountability touchpoints, we target a 40–47% conversion rate — well above industry average.

Metric	Standard ARC	This Protocol
Candidate Pool	20–30 readers	75 readers
Expected Review Rate	10–15%	40–47%
Expected Reviews	2–4	30–35
Distribution Method	Email only	Email + SMS + BookSirens/BookSprout

Step 1 — Candidate Recruitment (Weeks 1–3 Before Launch)

Recruit 75 advance readers from three primary sources:

Source 1: Church Small Groups (Target: 30 readers) Announce the ARC program during small group meetings and Sunday services. Emphasize that you are looking for readers who will commit to reading the book and leaving an honest review on Amazon on launch day.

Source 2: Email List (Target: 25 readers) Send a dedicated email to your existing list with the subject line: *“I need your help — would you read my book before it launches?”* Keep it personal and specific about the commitment required.

Source 3: BookSirens / BookSprout (Target: 20 readers) List the book on BookSirens and BookSprout to reach verified Christian book reviewers outside your existing audience. These platforms attract readers who have a track record of posting reviews.

Step 2 — The Review Guarantee Incentive

Every ARC reader receives:

Free Advance EPUB Copy of Book 1 (BELONG) — delivered 7 days before launch.

Exclusive Invitation to a private Q&A webinar with the author — held within 2 weeks of launch.

PDF Reading Guide — a companion document with reflection questions and context for each chapter.

Step 3 — The 3-Step Automated Review Protocol

Touchpoint	Timing	Channel	Message
EPUB Delivery	T-7 Days (Launch minus 7 days)	Email	Send EPUB file + PDF reading guide. Subject: <i>“Your advance copy of BELONG is here — thank you!”</i>
